

Bible Unbound

Discovering the Bible, Uncovering the Gospel

At Bible Unbound, we create engaging biblical videos that explain and unify the story of the Bible so that we may better understand the Gospel. We seek to discover the boundless beauty of the biblical epic, and therefore, uncover the unending majesty of the Gospel.

MINISTRY OVERVIEW

Dear Biblenaut,

Biblenaut is a special (albeit made-up) word for those who are passionate about exploring the biblical epic. These individuals know that there is something life-transforming about the Bible, and they too, want to discover it. More than that, Biblenauts want others to discover the Bible in order to uncover the Gospel.

In fact, Bible Unbound is built around the idea that as we get to know the Bible better, we come to understand the Gospel more. Therefore, the mission of Bible Unbound is that – as a community – we are discovering the Bible, uncovering the Gospel.

We accomplish this in one primary way: through engaging YouTube content. Bible Unbound showcases the biblical epic like never before with creative documentaries featuring biblical characters that jump off the screen in a new and refreshing way.

But creating content is just the beginning. It is the community created by Bible Unbound, built on key principals, that sets this ministry apart.

Bible Unbound seeks to live in a way that is epic, profound, and good. These three principals guide Bible Unbound into being a unique channel that allows it to stand out among other biblically focused YouTube channels.

For more details on what this ministry does, and how it can stand out across YouTube, please visit our website at...

2 WAYS TO SUPPORT

SPONSOR WORKERS

The Bible Unbound team is growing, but we can use even more help. In 2022, Bible Unbound added a Facebook Manager and a Video Transcriber. This broadens our horizons for who we can reach and how we can reach them, forming a community around the Bible.

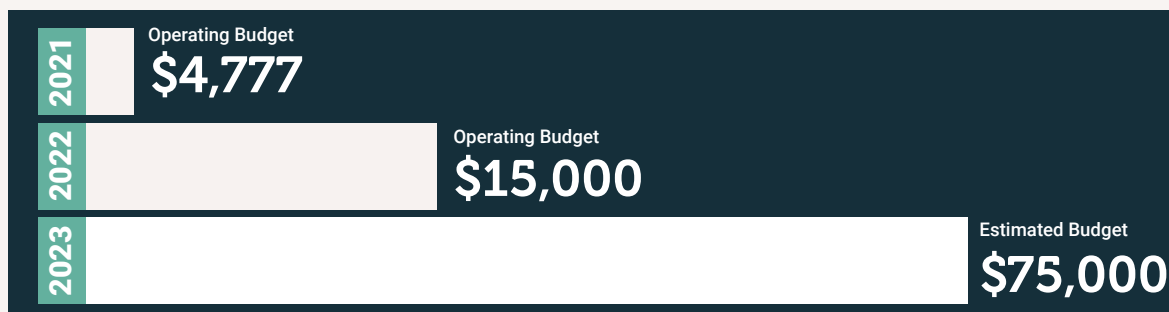

But key roles are yet to be filled. We hope to add a part-time Video Editor, a Biblical Advisor, and a Brand Consultant right away to increase the quality of content being put out.

SPONSOR PROJECTS

Projects, like the videos we produce, are essential to the Bible Unbound voice. Sponsoring projects not only allows us create higher quality content, but more content overall.

Think of those who could discover the Bible in a new way through group study materials, YouTube shorts, and of course more video content as well.

All of which, helping us to uncover the Gospel more and more.

We expect to see a 400% growth in Bible Unbound in the coming year, and anticipate a budget to match. In 2022, it cost \$15,000 to operate the channel. That money came almost entirely from YouTube's ad revenue stream. Then, the funding went right back into creating more content.

Therefore, in order to grow, we need donors to supply \$60,000 total in 2023.

The Impact We're Having

Federico López · 3 months ago

I see this frequently, and I understand something new every time. Please continue your work. I have been catholic from birth (35 now). And I am understanding God just now.

This realization bring me this overwhelming joy/gratitude. That man was done, the mirror of his life would leave the worst of us to say he definitely deserved eternal damnation. But he was always in God's plan, since before time he was chosen. God always knew he would bring him to Christ. What mercy! What love!

Awesome job brother!!

I love this story from the word. Of God... it reminds us that Even in our failings God will still bless us.

I look at David and Solomon and many others who even though they didn't deserve it, God put a seal on them for life!

I'm also reminded that the Day I got saved as a child I was "Sealed by his Holy Spirit for the day of redemption" and no... Read more
